

PRODUCTION FACILITY

Property/ Facilities	Dimensions/ Area
Finished Product Storage Area Under Roof	2x5.000m ²
Workshop floor	100m x 120m, 40m x 120m, 28m x 100m
Assembly Area Under Crane Hook	40m x 120m
Storage Yard	40m x 120m + 60m x 120m
Office & Supporting Area	12.000m ²
Fabrication/ Manufacturing Machine Capabilities	
Crane Lifting Capacity	5-100 t, total 15 Pcs
Overhead Crane	2 t, 100 t, 80 t
Total Lifting Capacity	120 t
Other Cranes And Lifting Capabilities	5 - 50 t, 15 Pcs
Sandblasting & Painting Area	Conveyor 2,2 mx 12m / 40m x 30m x 10m Paint Area
Rolling Machines	Max o/d=5m, 8max=2,6m, ^/max=120mm
Lathes	8 Pcs: Max. o/d=8200mm, Hmax= 4,1m, Wmax=110 ton, vertical lathes
Press Brakes	4 Pcs: max 400t, Hmax=1200mm, th/max=20mm
Horizontal milling machines	14 Pcs: ŠKODA-tandem&12 Pcs.; Hmax=4,1m, Bmax=2m, Lmax=26m
Cutting machines	Laser cutting: 2 pieces, max 6kW, 2,5m x 6m Burning table: 2x 6m x 6m
Gearing machines	6 pieces: Max. o/d=8m, H=1m, M=50
Heat treatment ovens	6 pieces: 6500x5250x2800 max
Employees	
Number Of Workers	260
Type Of Workers	fitters, welders, machine operators, technicians, engineers
Raw Material	
Material Certifications	By own laboratories for chemical and mechanical testing
Shipping Capabilities	
Railroad Access	Directly linked from the manufacturing hall
Accessible By Truck	Highway access 5 km
By ship	Nearest port 8 km
