05.03.2010 until 30.01.2013

Verification Certificate No.

3713/ 1 102055 mv/ya

Issued on

05.03.2010

p.t.o.

General requirements

1. Before carrying out welding works this certificate - either as certified copy or photo copy – should be submitted to the competent authorities issuing the building permit
2. For advertising or other purposes, this certificate may only be duplicated or published in full. The wording of the advertising material must not be in contradiction to this certificate.
3. If the welding supervisor(s) mentioned in this certificate are not longer with the company, if there are changes in the welding process or in essential parts of the facilities necessary for the welding works, the inspecting authority has to be informed. If considered necessary, a new inspection of the company will take place.
4. In case of doubt regarding the verification of the company, an inspection and checkups in the plant by the inspecting authority without prior announcement is being reserved.
5. This certificate may at any time and with immediate effect be withdrawn – without compensation – supplement or modified if the conditions under which this certificate has been issued have changes or if the requirements laid down in this certificate have not been adhered to.
6. At least two months before expiry, a new application has to be submitted to the inspecting authority if the qualification should be certified once more.

Remarks

The conditions for the implementation of welders and operators tests according to element 1310 are existing.

cc:

1. Applicant (Original)
